Number Puzzle Box

Rules:

Every horizontal and vertical line must contain the numbers 1-9, and every nine-squared box must contain the numbers 1-9.

Solution to last week's cryptogram: "Do not use while sleeping" - warning label on a blowtorch.

There was no correct solution to last week's Number Puzzle Box. The Settler regrets the error.

This week's solutions will be posted at www2.volstate.edu/settler
